

# SAFE AND RESPECTED

How safe and respected do you feel in your relationship?

## IN YOUR RELATIONSHIP, DO YOU FEEL...

- Safe to talk about money, have money for your needs and household needs, or have a say in how money is spent?
- Safe to voice if you have a different belief or idea?
- Safe to talk about and spend time with friends and family?
- Respected and appreciated?
- Physically safe?
- Assured that your children and pets are safe?
- Respected in your use of technology such as phones and computers?

If you do not feel safe or respected around your partner in any of these areas – help is available.

Below are people in your church you can talk to:
